

UNIVERSITY OF
OXFORD

2nd Workshop on the Physics of Fine-Tuning: **Other Earths**

February 11th, 2016, 2-6 pm
Trinity College, Oxford

Michael Meyer (ETH Zurich)

Capitalising on Diversity: The outcomes of planet formation as initial conditions for the origin of life

Suzanne Aigrain (University of Oxford)

Where and how might we look for life? From planet demographics to biosignatures

Mario Livio (UNLV & visiting prof. at Weizmann Inst.)

Our Place in the Cosmos

ORGANISERS

Rafael Alves Batista

Khalil Chamcham

Roger Davies

Joe Silk

David Sloan
